Amendments to the Claims:

This listing of claims replaces all prior versions, and listings, of claims in the application.

Listing of Claims:

Claim 1 (currently amended). ~~In a~~ A camera system comprising:

an image sensor device for sensing an image;
a processor adapted to process said sensed image;
a print media supplier adapted to supply of print media to a print head;
a print head for printing said sensed image on said print media stored internally to said camera system, the print head comprising a page-width print head;
a portable power supply connected to said print head, said sensor and said processing means; and

a detachable guillotine mechanism located using snap fit components between said print media ~~supplier~~ supply means and said print head, slidably engaging a detachable threaded rod that is powered by said portable power supply, said guillotine mechanism being and adapted to cut said print media into sheets of predetermined size.

Claim 2 (cancelled).

Claim 3 (currently amended). A system as claimed in claim 1 wherein said guillotine mechanism is attached to said print media ~~supply means~~ supplier using snap fit receptacles that receive said threaded rod and is detachable from said camera system with said print media ~~supply means~~.

Claim 4 (previously presented). A system as claimed in claim 1 wherein said guillotine mechanism is mounted on a platten unit below said print head.
